Fréderick Goussin

Cidre “Heritage 1900” NV

Cidre Bouché du Pays d’Othe, France

The Wine Advocate Issue #204 – December, 2012

Made from 100% Heritage apple varieties grown on a farm situated between Champagne and Burgundy, this sparkling apple cider is a light gold-colored, dry, 7% alcohol effort that is bottled with no SO2. Remarkably fresh and lively with a slight effervescence, it is a sensational curiosity that delivers plenty of personality and character for a fair price. – RP
